

# ENVIRONMENTAL HEALTH AIDE

---

Work involves providing support to professional environmental quality or public health personnel by performing a variety of sub-professional tasks directly related to the professional work. Responsibilities include collecting, observing and documenting samples, observing and verifying conditions, preparing narrative reports of findings and forwarding information to higher level environmental or public health professional for appropriate action.

---

This is a Competitive position. Applicants must meet the stated minimum qualifications. Any appointment would be made on a Provisional basis, pending the future administration of a Civil Service examination.
