PUTNAM COUNTY EXECUTIVE
KEVIN M. BYRNE

MEMORANDUM

To: Putnam County Legislature

Cc: Diane E. Trabulsy, Clerk
Putnam County Legislature

From: Kevin M. Byrne
County Executive

Date: November 9, 2026

Re: FY2027 Adopted Budget

Encl: Memorandum from Acting Commissioner of Finance Alexandra Gordon

---

Pursuant to Section 7.04 of the Putnam County Charter, I have reviewed the changes, alterations, and revisions made by the Legislature to this Administration's 2027 Tentative Budget and respectfully submit the following completed Resolutions (#269 through #319 of 2026) and corresponding messages and vetoes that detail my responses.

The Legislature's proposal of massively increasing new spending while dramatically further reducing reliable revenues has the real potential to create a growing deficit for future fiscal years. Creating this type of trend puts the County's fiscal health at risk, which would then necessitate increased taxes and put the County's bond rating in jeopardy in the future.

Recent historical examples from the Hudson Valley for your consideration and review:

ALEXANDRA GORDON
ACTING COMMISSIONER OF FINANCE

KEVIN M. BYRNE
PUTNAM COUNTY EXECUTIVE

MEMORANDUM

Date: November 9, 2026

To: Kevin M. Byrne, Putnam County Executive

From: Alexandra Gordon, Acting Commissioner of Finance

Re: Proposed Use of Fund Balance and Tax Levy Reduction

Following my conversations with our financial advisors and PKF O'Connor Davies, I am writing to express my professional concern regarding the proposed $12.5 million property tax levy reduction and the additional use of fund balance necessary to support it.

Based on these discussions and my assessment of the County's financial position, I believe further reducing the levy through additional appropriations of fund balance can risk the County's long-term fiscal health. The County's fund balance for Fiscal year 2026 does not establish that the same level of support will be available or sustainable in subsequent budget years.

Reducing recurring property tax revenue, while relying more heavily on fund balance, creates a gap that future budgets must address. If the County cannot sustain the proposed 2027 use of fund balance in the following fiscal year, those funds would need to be replaced through increased recurring revenues, reduced expenditures, or a combination of both. This could require a substantial property tax levy increase simply to maintain existing services.

A lower levy also reduces the base used to calculate the following year's property tax cap. Consequently, restoring revenue in a future budget could require an override of the State's tax levy limit. For a county, that override requires adoption of a local law approved by at least 60 percent of the governing body's total voting power before adoption of a budget exceeding the limit.

Resolution #269

Approval – Road Machine Fund – Increase Diesel Line

(DPW)

The requested modification was justified in Committee.

Resolution #270

Approval – Capital Projects (34 Gleneida Ave)

(DPW)

The requested modification was justified in Committee.

Resolution #271

Approval – Decrease to E911 Phone Equipment

(BES)

The requested modification was justified in Committee.

Resolution #272

Approval – Other Equipment (Finance Correction)

(Sheriff)

The requested modification was justified in Committee.

Resolution #273

Approval – Increase Legal Services

(Law Department)

The requested modification was justified in Committee.

Resolution #274

VETO - Chargeback Vehicle Leasing

(County Executive)

There is a long history of the County Executive's Office having access to and the use of County vehicles for official County business, pursuant to the authority contained in the Vehicle Policy in the Putnam County Code. According to information previously presented to the Legislature by General Services Commissioner John Tully, over the course of the past three Administrations, the Executive's office had access to anywhere between 1 and 3 vehicles at any given time.

Further, having County vehicles for use provides for an actual savings compared to reimbursing milage with the Federal mileage reimbursement rate currently provided to employees utilizing their own vehicles for County business.

Note that the Health Department did NOT request the increase included in this Resolution. It was not justified in committee by the Legislature. Furthermore, the Legislature did not provide a detailed justification in any subsequent memorandum corresponding with the Resolution # 274.

For all these reasons, I hereby **VETO** Resolution # 274.

Resolution #275

Approval -Outside Agency – Putnam Arts Counsel

(Outside Agency)

The requested modification was justified in Committee.

Resolution #276

Subcontingency – County Tourism Impact Study

(Tourism)

Since these funds were placed into sub-contingency, this affords the Legislature and the Administration the opportunity to revisit this in the new year.

Accordingly, this resolution will go into effect without my signature.

Resolution #277

Approval - Budget Revisions

(Youth Bureau)

The requested modification was justified in Committee.

Resolution #278

Approval – Revenue Revisions

(Health Department)

The requested modification was justified in Committee.

Resolution #279

Approval – Alcohol & Substance Abuse -Revise Department/Organizational Code

(Mental Health)

This request was justified by the Commissioner of Finance in Committee.

Resolution #280

Approval – Revise Subcontractors – Prevention Council Line

(Mental Health)

The requested modification was justified in Committee. The Prevention Council does remarkable work, and I appreciate the Legislature recognizing their efforts. Increasing this funding to a new base line is appreciated and has my full support.

Resolution #281

Approval – Admin

(Social Services)

The requested modification was justified in Committee.

Resolution #282

VETO- Personnel Increases

(Law Department)

First, according to the Putnam County Charter § 7.04 B (5), the Legislature "by resolution, may change, alter and revise the tentative budget by striking items of appropriations or anticipated revenues from the tentative budget or reduce items therein, excepting appropriations required by law for debt service, or add to or increase all such appropriations or revenue items in such budget. The County Legislature shall state separately and

distinctly any change, alteration or revision made to the tentative budget and provide along with the budget it adopts a legislative memorandum detailing its amendments to the tentative budget."

In Resolution #282, the Legislature seeks to make two distinctly different changes to two different personnel lines in one resolution. Proposed changes must be done separately in individual resolutions so they can be considered for approval or veto independently of each other. This Resolution does not provide for that consideration.

That notwithstanding, these personnel adjustments were not fully justified in committee by the Legislature. The Personnel Officer was not consulted in the formation of this position, and one of the proposed adjustments creates a series of issues including salary compression amongst other staff in similar roles with far more seniority.

More specifically, the proposed increase to a current vacant part-time position proposed at becoming full-time, gives that particular position a higher salary than the current, and more senior, Senior Deputy County Attorney. This is a significant increase in long-term annual spending without new reliable annual revenues available to fund it in future years. If the Legislature seeks to revisit this item next year with more research, detail and justification, I would be happy to reconsider it.

The Legislature did not provide a detailed justification for these modifications in any subsequent memorandum corresponding with the Resolution.

For these reasons, I hereby **VETO** Resolution # 282.

Resolution #283

Approval – Personnel Line Revision

(Corrections)

The requested modification was justified in Committee.

Resolution #284

Approval – Remove COLA

(Legislature)

The Legislature should note that the Legislature itself first increased its salary with a COLA as part of its own Tentative Budget. The Legislature's Tentative Budget cannot be adjusted or modified by the County Executive.

This modification sets legislator salaries back to the current 2026 base salary, but it does not undo nor remove any Cost-of-Living Adjustments (COLA) to the Legislator's salaries from the past three years. This does not reset the salaries to previous amounts and does not effectively cut salaries. Legislators who seek to reduce COLAs approved from 2024 (2.75%), 2025 (2.75%), and 2026 (3.00%) budgets knowingly continue to take the full budgeted salary which includes those increases.

Please note, officials can write to the Commissioner of Finance and take less, as I have, if they so choose.

Resolution #285

VETO- Adjust County Executive Salary

(County Executive)

This modification needs to be consistent with the reduction that was applied to Legislator salaries.

The County Executive position did not receive a COLA in 2024 or 2025. In 2026 it received a partial COLA as part of the budget for planning purposes, but the COLA was not taken as I, as County Executive, wrote to the Commissioner of Finance seeking to stay at the 2023 salary, providing taxpayers a savings $30,044.35 over the past 3 years.

Th Legislature's proposal does not simply undo the proposed COLA for 2027, it undoes the partial COLAs previously budgeted, ignores the fact no COLAs were budgeted in 2024 or 2025, and actually reduces the salary further by lowering what was actually taken (the 2023 salary) by $1,000. By this standard, each Legislators' salary should be lowered $1,000 below their 2023 salary level ($44,300). That is not what was or is proposed.

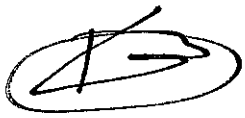

It is unjustified and entirely inconsistent with the non-increase (not an actual reduction over 2026) of legislator salary.

It was not justified in committee, and no detailed justification has since been provided from the Legislature in any subsequent corresponding memorandum.

Accordingly, I hereby **VETO** Resolution #285

Resolution #286

Approval – PART Bus System

(Auditing)

The requested modification was justified in Committee.

Resolution #287

VETO Extension Service – Move Ag Navigator to Legislative Board Budget

(Legislature)

This item was moved from the Cornell Cooperative Budget to the Legislature. I do not support this change as the Ag Navigator position is separate from the Ag Board (which is under the purview of the Legislature) and was presented as a new function to be provided via contract by Cornell Cooperative Extension as an outside agency. It is not appropriate to move funds from a contracted outside agency to within the Legislature.

This item was already discussed as a sub-contingency line earlier this year (2026). For context, below is an excerpt from my memorandum to the Legislature as part of the modifications proposed to the 2026 Budget:

As previously presented and shared in detail, this Administration has worked diligently to move forward and turn the page past the conflicts in the Legislature related to agriculture, the Agricultural and Farmland Protection Board ("Ag Board"), and the Agricultural

District. A memorandum detailing the history of this work and the purpose of a part-time "Ag Navigator" responsibility was provided to the Legislature on October 20, 2025.

While this proposal is new for Putnam County, the concept itself is well-established elsewhere. It would enhance Cornell Cooperative Extension's (CCE) existing duties as a representative on the Ag Board to assist the greater farming community. In recent years, disagreements within the Legislature over agricultural policy and governance have unfortunately led to delays, legal disputes, and frustration among all stakeholders. The Ag Navigator would help serve an effective means to ensure better coordination and communication among the Legislature, Ag Board, future applicants to the County's Agricultural District, and the general public.

By moving a portion of this funding into sub-contingency, it affords both the Legislature and the Executive the opportunity to revisit this issue in the future. I look forward to Legislative engagement on this issue. Accordingly, this resolution is hereby approved.

I do not support defunding Cornell Cooperative Extension's agricultural efforts.

For these reasons, I hereby **VETO** Resolution # 287.

Resolution #288

Depot Theater – County Contribution

(Outside Agency)

The Administration has created a process for submittal of outside agency budget requests to ensure fairness in a process that has been historically very subjective. Unfortunately, this agency did not comply with the process and this request for funding was not timely submitted.

Therefore, I do not find it to be justified, but recognizing its overwhelming support from the Legislature, I will allow this resolution to take effect without my signature.

Resolution #289

Subcontingency – Countywide Garbage Pickup

(Tourism)

I do not find this modification justified as it selectively supports one community over others. However, recognizing its overwhelming support from the Legislature, as well as the cost of tourism to this community, I will allow this resolution to take effect without my signature.

Resolution #290

Uniforms

(Multiple Departments)

The modification was not justified in Committee. However, since this funding was moved to subcontingency, the discussion can continue in the new year. Accordingly, I will allow this resolution to take effect without my signature.

Resolution #291

VETO- Adjust Effective Date of Salaries Higher than County Executive

(Multiple Departments)

Since Resolution No. 247 of 2026 will take effect in January 2027, this Resolution is unnecessary.

Accordingly, I hereby **VETO** Resolution #291.

Resolution #292

Salary Subcontingency

(County Executive)

Since Resolution # 247 of 2026 will take effect in January 2027, this Resolution is unnecessary.

Accordingly, I hereby **VETO** Resolution #292

Resolution #293

VETO -Deputy County Executive – Remove COLA

(County Executive)

This reduction is wholly unjustified. The Deputy County Executive is a full-time position and the individual in this position has allowed the County to realize greater savings by centralizing services in other departments where he has, in many cases, served as an in-house consultant to support them.

No other non-elected positions had their COLA removed. The amount proposed in the Tentative Budget takes into consideration the prior Catapult survey as well as the experience and background for the position.

The Legislature's citation of the Catapult survey in Committee disregarded the fact that Catapult was used with 2024 numbers. It therefore needs to be adjusted and indexed to account for COLAs being provided in each subsequent year. Lastly, that is precisely what this adjustment was, a COLA.

No other detailed justification was received in any other subsequent memorandum by the Legislature.

For all these reasons, I hereby **VETO** Resolution # 293.

Resolution #294

Approve-Allocate $5 million to Sugcontingency for Proposed Local Law -$10 Million – Municipal Public Works and Infrastructure Cooperation Project

(Use of Fund Balance)

While I find it concerning the Legislature continues to place funding in sub-contingency without a completed and supported plan in place, I support the concept of planning to provide additional support for our towns and villages in 2027.

There is no reason to delay when the County can lawfully and responsibly provide financial assistance in 2026 while granting the towns and villages time and flexibility needed to utilize it responsibly, as the County has done several times in the past.

Last year, the Legislature placed $6.5 million in sub-contingency for a rebate program without any plan in place. It failed to use the funding for tax relief and delayed discussion about repurposing it to support towns and villages in 2026. I ask the Legislature to seek new, properly informed, legal guidance on how it can provide support funding in 2026, as well as this funding for 2027.

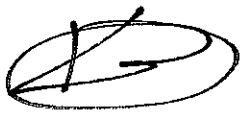

As this specific adjustment pertains to financing an additional $5 million for towns and villages in 2027, I would like to recognize and thank Legislator Addonizio for her support of this initiative.

For the reasons, I support and **APPROVE** Resolution #294.

Resolution #295

Central Service Internal Chargebacks

(Multiple Departments)

The requested modification was justified in Committee.

Resolution #296

Approval – Putnam County Wellness Coalition

(Use of Fund Balance)

I respectfully ask the Legislature to exercise caution in its reliance on the use of unassigned fund balance when there are specifically assigned funds to support this very purpose and plan for the future. That notwithstanding, it is important that this initiative is funded and supported without further delay.

For these reasons, and despite the caution raised in this memo generally, I hereby **APPROVE** Resolution #296.

Resolution #297

Approval – 911 Diversion Training

(Use of Fund Balance)

I respectfully ask the Legislature to exercise caution in its reliance on the use of unassigned fund balance when there are specifically assigned funds to support this very purpose and plan for the future. That notwithstanding, it is important that this initiative is funded and supported without further delay.

For these reasons, and despite the caution raised in this memo generally, I hereby **APPROVE** Resolution #297.

Resolution #298

Approval – Enhanced Employee Assistance Program

(Use of Fund Balance)

I respectfully ask the Legislature to exercise caution in its reliance on the use of unassigned fund balance. That notwithstanding, it is important that this initiative is funded and supported without further delay.

For these reasons, I hereby **APPROVE** Resolution #298.

Resolution #299

VETO – Drones as First Responder Program into Subcontingency

(Sheriff)

The original request from Sheriff Hess in the PCSO's Tentative Budget was justified.

Accordingly, I hereby **VETO** Resolution #299 and request that the Legislature fully fund law enforcement's request for its Drones as First Responder Program.

Resolution #300

VETO- Decrease Allocation to Health Plans

(Multiple Departments)

While I appreciate the Legislature's optimism that the County's health insurance costs will be lower than initially forecasted, I find this adjustment concerning as insurance and other fringe costs continue to grow across the State. Especially as we, both Legislature and Executive, have taken decisive action to reduce these costs for employees, we must plan for those costs to be borne by the County.

Per best and past practice, the Budget typically includes a modest increase to estimated Health Insurance to account for any uncertainty inherent to ongoing fluctuating employee Health Insurance costs within the County. By reducing the cost now through this resolution, the Legislature creates a risk of not having sufficient funds for these required Employee Health Benefits.

Accordingly, I hereby **VETO** Resolution #300.

Resolution #301

Reduce Advertising Line

(Tourism)

The original appropriation in the Tentative Budget was justified by the Tourism Director.

However, recognizing that this resolution was unanimously approved by the Legislature, I will not let the perfect be the enemy of the good and will let it take effect without my signature as part of a larger compromise.

Resolution #302

VETO - Increase Travel Line

(County Executive)

Corresponding with my VETO of Resolution #274, I will also VETO Resolution #302.

Should VETO Resolution #274 be over-ridden, the modest increase in this travel line won't provide nearly enough funding to account for mileage for the County Executive's office.

By way of illustration, $3,000 divided by the current IRS rate, which is $0.76 totals $3,947.36 divided by the 261 workdays allows one employee to travel 15.12 miles, roundtrip per day.

The County Executive's Office is on call 24/7, 365. The County Executive and staff is needed throughout the County to work with, support, and oversee departments and personnel, as well as meet, speak and work with leaders in local, county, state and federal government. This is in addition to supporting residents and members of the community, whom we are committed to serve. This is reflected in the Putnam County Code through the County's vehicle policy.

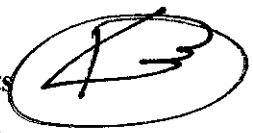

Resolutions #274 and #302 were not passed in good faith, were not justified and are entirely inconsistent with treatment of past administrations.

For these reasons and more, I hereby **VETO** Resolution #302.

Resolution #303

VETO-Dues – Books and Supplements

(Finance)

As stated in previous memos, § 7.04 B (5) states that "The County Legislature, by resolution, may change, alter and revise the tentative budget by striking items of appropriations or anticipated revenues from the tentative budget or reduce items therein, excepting appropriations required by law for debt service, or add to or increase all such appropriations or revenue items in such budget. The County Legislature shall state separately and distinctly any change, alteration or revision made to the tentative budget and provide along with the budget it adopts a legislative memorandum detailing its amendments to the tentative budget."

The County Legislature can adjust funding levels, but it cannot add or change policy through the Budget Process by including conditions on a Budget resolution.

The Legislature will have ample opportunity, separate and distinct from the budget process, to discuss which organizations and associations Putnam County can support as a member.

Forcing policy conditions into a budget process a play out of Albany or Washington's playbook. It is not appropriate for Putnam County Government and its decentralized budget process.

I respectfully ask the Legislature to revisit this issue separately from the County Budget when it considers all associations supported by the County with this and any other similar lines.

Furthermore, the attempted condition was not justified in committee, and no subsequent memorandum was provided offering any new justifications or details.

The American City County Exchange (ACCE) has already highlighted many great works of Putnam County that have been accomplished with broad bipartisan support including, but not limited to:

- Children's Entrepreneur Markets that Putnam County modeled the Youth Business Market from, supported by all members of the Legislature.
- County Resolution using the International Holocaust Remembrance Alliance (IHRA) definition of antisemitism for education and training purposes, supported by all members of the Legislature at the time.
- County Resolution modeling Early Learning Center, ultimately supported by an overwhelming super-majority of the Legislature.
- County Think Differently resolution from 2018, unanimously supported in the Legislature, became a model for ACCE.
- County Taxpayer Transparency Legislation (live streaming of meetings) became an ACCE model.
- Budget Transparency Website (greater access to budget information) mirrored off policy supported by ACCE.
- Savings Incentive Partnership Program for which prior Legislators had expressed support, but never passed.

And, more...

ACCE, and its larger parent organization American Legislative Exchange Council, is nonpartisan. While its ideas and principles embrace limited government, free markets, and federalism, it has openly embraced public officials from both parties. In 2024, Colorado Governor Jared Polis (D), was a featured guest speaker alongside conservative economist Dr. Arthur Laffer, at one of their conferences.

For these reasons, I hereby **VETO** Resolution # 303.

Resolution #304

VETO- First Deputy Commissioner of Finance – Reduce Salary

(Finance)

This reduction is wholly unjustified. The increase is justified as some Fiscal Managers currently make more than the First Deputy Commissioner of Finance, which is a more senior role. The reasoning set forth by the Legislature in Committee for this reduction was that the increase was not warranted for a vacant position.

However, the Legislature seems to have missed the greater efforts needed to recruit skilled personnel. Furthermore, it is hard to not notice the contradiction when the Legislature is concurrently seeking to provide an increase to a vacant Law Department position in Resolution # 282 in this very same Budget.

For these reasons, I hereby **VETO** Resolution #304.

Resolution #305

VETO - Use of Fund Balance (Insurance)

(Fund Balance)

Depleting too much fund balance to finance annual recurring expenses should be limited to avoid creating future structural deficits that will cause unnecessary and harmful tax increases in the future.

The County is well-positioned to provide substantial property tax relief with the proposed Tentative Budget and should maintain its strong financial position to plan for the future while competing for a bond upgrade. Putnam County and the Legislature should learn from recent history earlier this year (July 2026) when Rockland County received a AAA bond rating from Moody's. However, it should not repeat Rockland County's failed property tax holiday experiment from 1987 which created many years of economic hardship and financial risk.

Relying too much on fund balance for annual expenses and tax cuts undermines our County's future financial health and limits our flexibility to do things like extend sales tax sharing and make the sales tax exemption on clothing and shoes permanent.

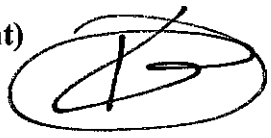

If the use of fund balance cannot be sustained in the future fiscal years, it adds risk of having to increase the tax levy.

This modification was not justified in committee, and no subsequent legislative memorandum corresponding with this resolution was provided offering any additional justification or detail.

Accordingly, I hereby **VETO** Resolution #305.

Resolution #306

VETO - Use of Assigned Fund Balance (Retirement)

(Fund Balance)

Depleting too much fund balance to finance annual recurring expenses should be limited to avoid creating future structural deficits that will cause unnecessary and harmful tax increases in the future.

The County is well-positioned to provide substantial property tax relief with the proposed Tentative Budget and should maintain its strong financial position to plan for the future while competing for a bond upgrade. Putnam County and the Legislature should learn from recent history earlier this year (July 2026) when Rockland County received a AAA bond rating from Moody's. However, it should not repeat Rockland County's failed property tax holiday experiment from 1987 which created many years of economic hardship and financial risk.

Relying too much on fund balance for annual expenses and tax cuts undermines our County's future financial health and limits our flexibility to do things like extend sales tax sharing and make the sales tax exemption on clothing and shoes permanent.

If the use of fund balance cannot be sustained in the future fiscal years, it adds risk of having to increase the tax levy.

This modification was not justified in committee, and no subsequent legislative memorandum corresponding with this resolution was provided offering any additional justification or detail.

Accordingly, I hereby **VETO** Resolution #306.

Resolution #307

Soil & Water – Increase County Contribution

(Outside Agency)

This modification was not justified in committee, and no subsequent legislative memorandum corresponding with this resolution was provided offering any additional justification or detail. The County should not make a habit out of providing funding to outside agencies that previously was used to fund fringe benefits for county personnel. The spending of taxpayer funds should be justified with a specific purpose and service.

Recognizing this adjustment has broad support from members of the Legislature, I have decided to let it go in effect without my signature.

Resolution #308

VETO-Use of Assigned Fund Balance (Post Employment)

(Fund Balance)

Depleting too much fund balance to finance annual recurring expenses should be limited to avoid creating future structural deficits that will cause unnecessary and harmful tax increases in the future.

The County is well-positioned to provide substantial property tax relief with the proposed Tentative Budget and should maintain its strong financial position to plan for the future while competing for a bond upgrade. Putnam County and the Legislature should learn from recent history earlier this year (July 2026) when Rockland County received a AAA bond rating from Moody's. However, it should not repeat Rockland County's failed property tax holiday experiment from 1987 which created many years of economic hardship and financial risk.

Relying too much on fund balance for annual expenses and tax cuts undermines our County's future financial health and limits our flexibility to do things like extend sales tax sharing and make the sales tax exemption on clothing and shoes permanent.

If the use of fund balance cannot be sustained in the future fiscal years, it adds risk of having to increase the tax levy.

This modification was not justified in committee, and no subsequent legislative memorandum corresponding with this resolution was provided offering any additional justification or detail.

Accordingly, I hereby **VETO** Resolution # 308.

Resolution #309

Approval - Create Food Insecurity Budget Line

(Fund Balance)

The Legislature should be reminded that use and/or expenditure of these funds requires additional Legislative action for the Administration to proceed with any proposed program or initiative, as it did in 2026, if the Legislature wishes to see put into effect.

That said, I find this to be a noble and worthy cause amply justified by the Legislature in Committee.

Accordingly, I hereby **APPROVE** Resolution #309.

Resolution #310

Approval – Reduce Revenue Line – OSR Outreach Program

(OSR)

This was justified in Committee by members of the Legislature as a method of strengthening partnerships with our local town and village municipalities.

Accordingly, I hereby **APPROVE** Resolution #310.

Resolution #311

VETO-Second Chance Foods – County Contribution

(Outside Agency)

While this remains a very worthy cause, it is noteworthy that this outside agency has seen repeated increases in recent years. It continues to support the county with services through its partnership with Cornell Cooperative Extension who compensates them for supporting the Bountiful Meals program. This is an important and valued partnership, but it appears to be duplicative of the Legislature's efforts in Resolution # 309, which I approved.

Accordingly, despite my respect and fondness of the organization, I hereby **VETO** Resolution # 311.

Note: This veto does not eliminate funding to the agency, rather it simply defaults the levels back to what was proposed in the Executive/Tentative Budget. The Legislature could still consider providing support separately from the funding that it has placed in subcontingency from Resolution #309.

Resolution #312

Approval - Reclassification Expenditure – Audio Visual

(Sheriffs)

This modification was justified in Committee.

Resolution #313

VETO – Move Allocation for Director of Communications Position from County Executive's Office Budget to Subcontingency "Legislature -Communications Services"

(County Executive)

The Legislature can adjust funding levels but cannot redefine personnel job descriptions and organizational placement as part of the budget process. More importantly, it cannot curtail and inappropriately encroach on the Executive's ability to administer its departments. According to the Putnam County Charter, Section 3.02(b) states that the County Executive shall "[e]xercise supervision and control over all administrative departments, offices and agencies of the County government and prescribe the internal organization of such departments, offices and agencies."

This position is inherently an Executive position - not Legislative - as it provides communications and public information services to all administrative departments within the County on behalf of, and in coordination with the County Executive's office. This position's work is a County-wide position and is not solely dedicated to the County Executive or his/her office, although oversight is properly with the Executive.

This modification was not justified in committee, and no subsequent legislative memorandum corresponding with this resolution was provided offering any additional justification or detail.

Accordingly, I hereby **VETO** Resolution # 308.

Resolution #314

VETO- Move Director of Compliance and Intergovernmental Relations Position from County Executive's Office to County Law Department

(County Executive)

The Legislature can adjust funding levels but cannot redefine personnel job descriptions and organizational placement as part of the budget process. More importantly, it cannot curtail and inappropriately encroach on the Executive's ability to administer its departments. According to the Putnam County Charter, Section 3.02(b) states that the County Executive shall "[e]xercise supervision and control over all administrative departments, offices and agencies of the County government and prescribe the internal organization of such departments, offices and agencies."

This position is inherently an Executive position as detailed in the job specification presented by Personnel Department. This position's work is not solely dedicated to the County Executive nor his/her office. Rather, it supports departments across the County government with matters of compliance, as well as assists departments

with intergovernmental coordination with federal, state, and local municipalities. The role goes well beyond American Rescue Plan Act (ARPA) compliance with the US Treasury, which is far from complete.

This modification was not justified in committee, and no subsequent legislative memorandum corresponding with this resolution was provided offering any additional justification or detail.

Accordingly, I hereby **VETO** Resolution # 314.

Resolution #315

VETO-Offset Changes to Budget

(Fund Balance)

Depleting too much fund balance to finance annual recurring expenses should be limited to avoid creating future structural deficits that will cause unnecessary and harmful tax increases in the future.

The County is well-positioned to provide substantial property tax relief with the proposed Tentative Budget and should maintain its strong financial position to plan for the future while competing for a bond upgrade. Putnam County and the Legislature should learn from recent history earlier this year (July 2026) when Rockland County received a AAA bond rating from Moody's. However, it should not repeat Rockland County's failed property tax holiday experiment from 1987 which created many years of economic hardship and financial risk.

Relying too much on fund balance for annual expenses and tax cuts undermines our County's future financial health and limits our flexibility to do things like extend sales tax sharing and make the sales tax exemption on clothing and shoes permanent.

If the use of fund balance cannot be sustained in the future fiscal years, it adds risk of having to increase the tax levy.

This modification was not justified in committee, and no subsequent legislative memorandum corresponding with this resolution was provided offering any additional justification or detail.

Accordingly, I hereby **VETO** Resolution #315.

Resolution #316

Approval of the 2027 Budget

Resolution #317

Adopting Budget – Schedules A & B

Resolution #318

Adopting Budget -Schedule A

Resolution #319

Adoption of Budget – Schedule B

PUTNAM COUNTY LEGISLATURE

Resolution # 317
Introduced by: Legislator Daniel Birmingham at a Special Meeting held on October 28, 2026.
Seconded by: Legislator Sayegh.

A RESOLUTION ADOPTING THE BUDGET FOR THE FISCAL YEAR 2027 COMMENCING JANUARY 1, 2027 MAKING APPROPRIATIONS FOR THE OPERATION OF THE COUNTY GOVERNMENT AND ESTABLISHING RATES OF COMPENSATION FOR OFFICERS AND EMPLOYEES FOR THE FISCAL YEAR 2027 (Excluding Schedules A & B)

WHEREAS, the Putnam County Legislature has met and considered the Tentative Budget as submitted by the County Executive and has held a Public Hearing thereon pursuant to both Article 7.04(b)(4) of the Putnam County Charter and Section 359 of the County Law of the State of New York; and

WHEREAS, this Legislature has made certain adjustments to the Tentative Budget as submitted by the County Executive which are included as part of this budget adoption; now therefore be it

RESOLVED, that the Putnam County Legislature hereby adopts the Tentative Budget, as amended by this Legislature, except for the line items in attached "Schedules A and B", which sets forth the appropriations for the objects and purposes as specified, and further establishes the rates of compensation to be paid provided that said tentative budget as amended does not exceed the tax cap as provided for by state law; and be it further

RESOLVED, that this act takes effect on January 1, 2027.

PUTNAM COUNTY LEGISLATURE

Resolution # 318
Introduced by: Legislator William Gouldman at a Special Meeting held on October 28, 2026.
Seconded by Legislator Russo

AN ADDITIONAL RESOLUTION ADOPTING THE BUDGET FOR THE FISCAL YEAR 2027 COMMENCING JANUARY 1, 2027 MAKING APPROPRIATIONS FOR THE OPERATION OF THE COUNTY GOVERNMENT AND ESTABLISHING RATES OF COMPENSATION FOR OFFICERS AND EMPLOYEES FOR THE FISCAL YEAR 2027 (Schedule A)

RESOLVED, that the Putnam County Legislature hereby adopts the budget line items in attached "Schedule A" as shown in the Tentative Budget and as amended by the Legislature as an addition to the Budget adopted by Resolution #316 of 2026 provided that said tentative budget as amended does not exceed the tax cap as provided for in state law; and be it further

RESOLVED, that this act takes effect January 1, 2027.

BY ROLL CALL VOTE: EIGHT AYES. ONE RECUSAL – CHAIRMAN BIRMINGHAM. MOTION CARRIES.

APPROVED
