MEMORANDUM

DATE: April 14, 2026

TO: Kevin Byrne
Putnam County Executive

FROM: Nancy Montgomery *Nancy A. Montgomery*
Chairwoman, Health, Social, Educational & Environmental Committee

RE: Special Committee Meeting - SLFRF Public Health Funding

I have called a Special Meeting of the Health, Social, Educational & Environmental Committee for **Thursday, April 23**, to convene immediately following the 6:00 PM Personnel and Physical Services Committee meetings.

The purpose of this meeting is for the Legislature to gain a clearer understanding of the current status and administration of ARPA funding identified under the U.S. Department of the Treasury's State and Local Fiscal Recovery Fund (SLFRF), specifically Project TPN257617 - Public Health / Mental Health Services.

Given the importance of continued compliance with federal SLFRF requirements, particularly applicable obligation and expenditure deadlines, I respectfully request that appropriate members of the administration be available to:

- Provide an update on the current status of this project, including its reporting posture and any remaining obligations;
- Outline any changes under consideration to the scope, use, or administration of these funds; and
- Address any contractual, operational, or implementation considerations associated with this project.

To ensure a productive discussion, I would appreciate having staff present who are familiar with both the programmatic and administrative aspects of this funding.

Thank you in advance for your cooperation. I look forward to a constructive and informative discussion.
