1310 Point Street, 8<sup>th</sup> Floor  
Baltimore, MD 21231

PURCHASING AGENT:  DATE: 4/8/26

COUNTY EXECUTIVE:  DATE: 4/8/26

## **PIGGYBACKING**

As per New York State General Municipal Law, all political subdivisions of New York State are allowed to make purchases through the resulting contract(s). As per Putnam County Procurement Policy, Putnam County based Non-Profit Agencies approved to participate in New York State's Contract Extension Program are authorized to make purchases through the resulting contract(s). This type of procurement option is called "piggybacking."

Should any government agency contact the awarded ESCO(s) seeking an electricity contract based on the County award(s), ESCO shall immediately direct them to the County's Energy Consultant of Record. Based on market conditions, the awarded ESCO(s) shall have the option of offering the same (or better) contract price(s) to other government agencies and Putnam County based non-profits provided such contract is executed under the same terms and conditions of the County's approved contract.

ESCO(s) acknowledge, and agree, that any additional contract(s) by way of "piggybacking" shall be under the same terms and conditions of the County's contract and executed through M&R Energy Resources. Consulting fees shall be the same as the County bid, and any price offered to additional Agencies shall be exclusive of that cost and consulting fees on piggybacked contracts shall be payable to M&R Energy Resources.

At no time shall the addition of any Agency negatively impact electricity prices for the County of Putnam, Town of Southeast and Village of Brewster.
